EXPERIENCE

Mar 2022 – present

INTERNATIONAL FEDERATION OF RED CROSS AND RED CRESCENT SOCIETIES (IFRC), GENEVA

Project Manager – Health Capacity Mapping

- Leading the mapping of all professional health capacity and resources across the entire Red Cross and Red Crescent Network
- Building and managing a team of data analysts to scope and define indicators
- Engage with key stakeholders and focal points at global, regional and national level to obtain buy-in and active participation
- Review Health information systems and platforms
- Design data collection, analysis and visualization processes, tools and platforms
- Conduct training and guidance for National Society representatives
- Reporting to IFRC Senior Management.

Jun 2017 –
Jan 2021

NORWEGIAN REFUGEE COUNCIL, GENEVA

Senior Monitoring Coordinator

- Led a team of analysts and coordinating the collection, analysis and aggregation of data on internal displacement
- Engaged with government representatives, UN, IFRC and INGOs
- Provided support to governments and partners in the field on use of data and information management systems
- Represented the organisation at conferences, workshops and as part of inter-organisational working groups such as the Expert Group on Refugee and IDP Statistics (EGRIS) and the GP 20 Data Workstream
- Developed guidance and training on data collection, analysis and visualization
- Wrote publications and overseeing the production of thematic reports

Jan 2017 –
Jun 2017

NORWEGIAN REFUGEE COUNCIL, GENEVA

Monitoring Expert

- Monitored forced displacement in Sub-Saharan Africa
- Gathered data and contextual information on forced displacement and data collection methods and challenges
- Liaised with governments and partners in the field to obtain data and strengthen understanding of information management needs and challenges
- Served as internal subject matter expert on conflict and violence, durable solutions and legal and policy frameworks
- Contributed to publications and thematic report

Dec 2010 –
Apr 2015

ADCV CONSULTING & REDQUADRANT, LONDON

Change Management Specialist

- Conducted thorough reviews of operations and systems within government bodies and public sector organisations
- Led consultations with staff, service users and executives to identify challenges and assess needs, capacities and synergies
- Organised and conducted training to address areas in need of improvement
- Reviewed and optimised multi-stakeholder processes to increase efficiency and develop commonly shared outcomes and objectives
- Offered evidence-driven recommendations for strategic improvement of systems and processes, contributing to extensive savings and significant reduction in failure demand

Oct 2008 –
Aug 2010

NATIONAL CHILDREN'S BUREAU, LONDON

Development and Monitoring Officer

- Provided support to national and local governments in the review and implementation of public services and policies
- Liaised with field and headquarter colleagues to develop strategic improvement plans through harmonized practices and information management flows
- Designed and implemented planning, monitoring, evaluation and reporting processes, tools and systems for field and headquarter operations
- Conducted training for staff and executives on new monitoring and information management processes, systems and quality standards
- Researched and compiled guidance on best practices
- Reported on implementation progress to national government agencies and donors
